Re: Dry Cleaning Plus
Richard & Judith Stone

To Whom It May Concern,

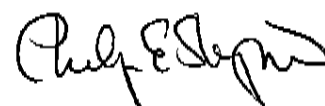

I have had the distinct pleasure to have worked with Richie and Judith Stone on many occasions over the past twenty years.

I first contacted Richie to find a buyer for a dry cleaning store that I owned in Cedarhurst ,NY. Richie persuaded me not to sell, but rather to hire a great manager to "turn the store around." I heeded his advice and hired such a person who did "turn the store around." That person was Judith Stone. Some years later, I again asked Richie to find a buyer for my store. Richie found me the perfect buyer and the process was as smooth as could be. Needless to say, I sold the store for substantially more than I could have when I initially contacted Richie and Judith.

Both Richie and Judith's knowledge and experience in the dry cleaning industry is unmatched and unrivaled. They are truly in a class by themselves. Throughout my many dealings with them over the years, they have conducted themselves with the utmost professionalism, integrity and honesty. They always put their client's best interest first and foremost.

Anybody who is fortunate enough to deal with Richie and Judith should consider themselves lucky. You can rest assured you are in good hands.

Sincerely,

Philip E. Shapiro
